What is self reliance in civic education

MEANINGThis is an act of being financially and economically independent by harnessing one's talents and skills to earn income. To a nation, self reliance could mean harnessing and utilizing the internal resources of the nation to achieve sustainable development rather than depending solely on other countries.A self-reliant citizen is not a burden to the government; rather, he is a problem solver. Instead of looking for job, he reduces the level of unemployment by providing jobs for others.**ATTRIBUTES OF SELF-RELIANCE**1. Diligence - Self reliance requires and involves diligence. It takes hard work to be financially independent because you can eat only what you work for.2. Use of Talents and skills - Self reliance entails using what you have to get what you need. You must know what your talents and skills are then think of how they can be harnessed profitably.3. Use of Initiative - Self reliance involves the ability to think of what an individual can do for himself to be financially independent. When people use their initiatives, they can stand on their own and will not depend on others for employment.**EVALUATION**1. What is self-reliance?2.
